

★ EXPLORE ★
THE SUBMARINE
WORLD

Applebee's®

Our planet is mostly made up water; about 71% of the surface is covered by salt-water oceans. Also, the Pacific ocean is the largest in the world.

Enjoy an adventure at the bottom of the sea.

A very interesting place.

Sort the letters to spell the name of the place.

Hint: This place has an underwater museum made with human sculptures, which is intended to form a reef. Also, this place is one of the favorite tourist destinations in Mexico because of its beautiful turquoise beaches and white sand.

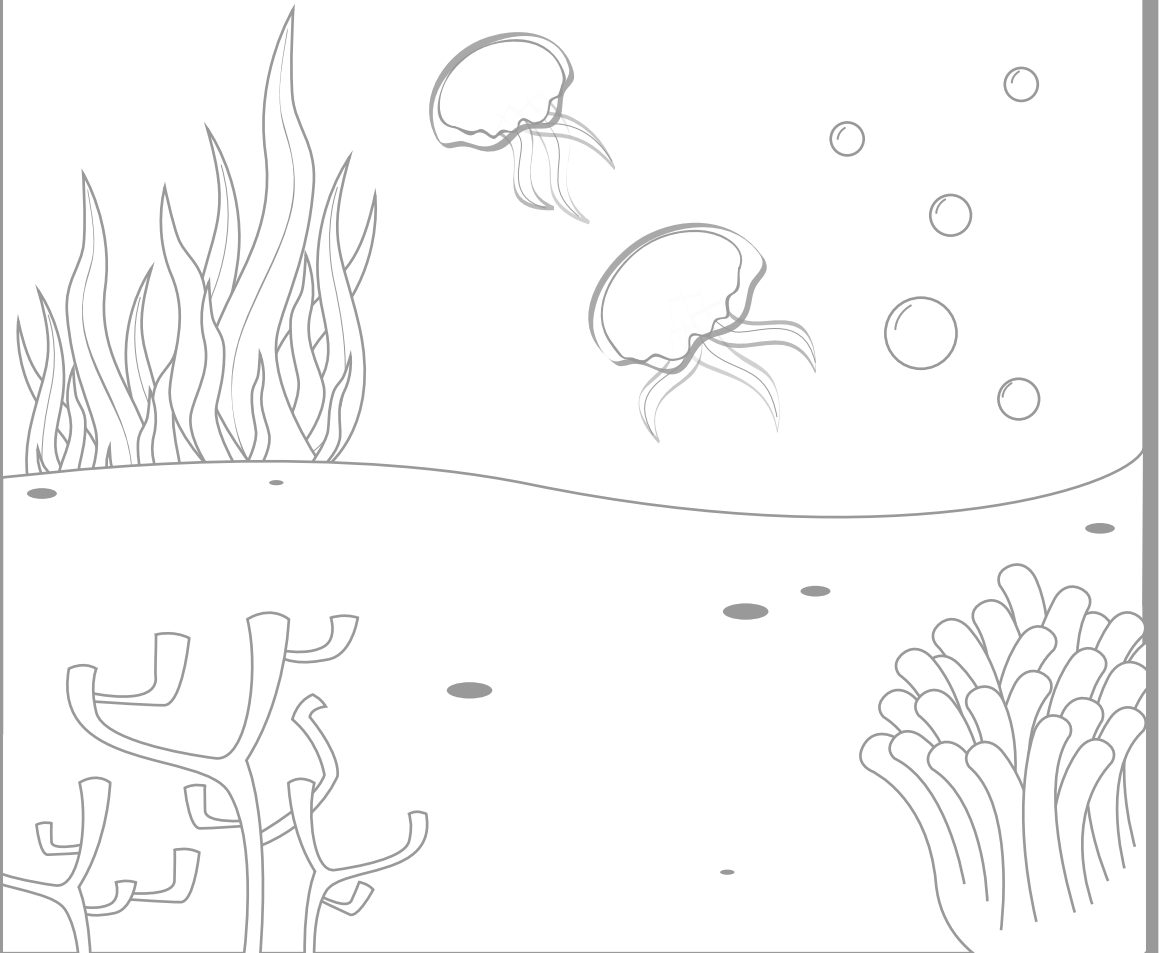

ACN UNC

Give the sea a little color.

Did you know that the largest reef in the world is called Great Barrier Reef and that it is located northeast of Australia?

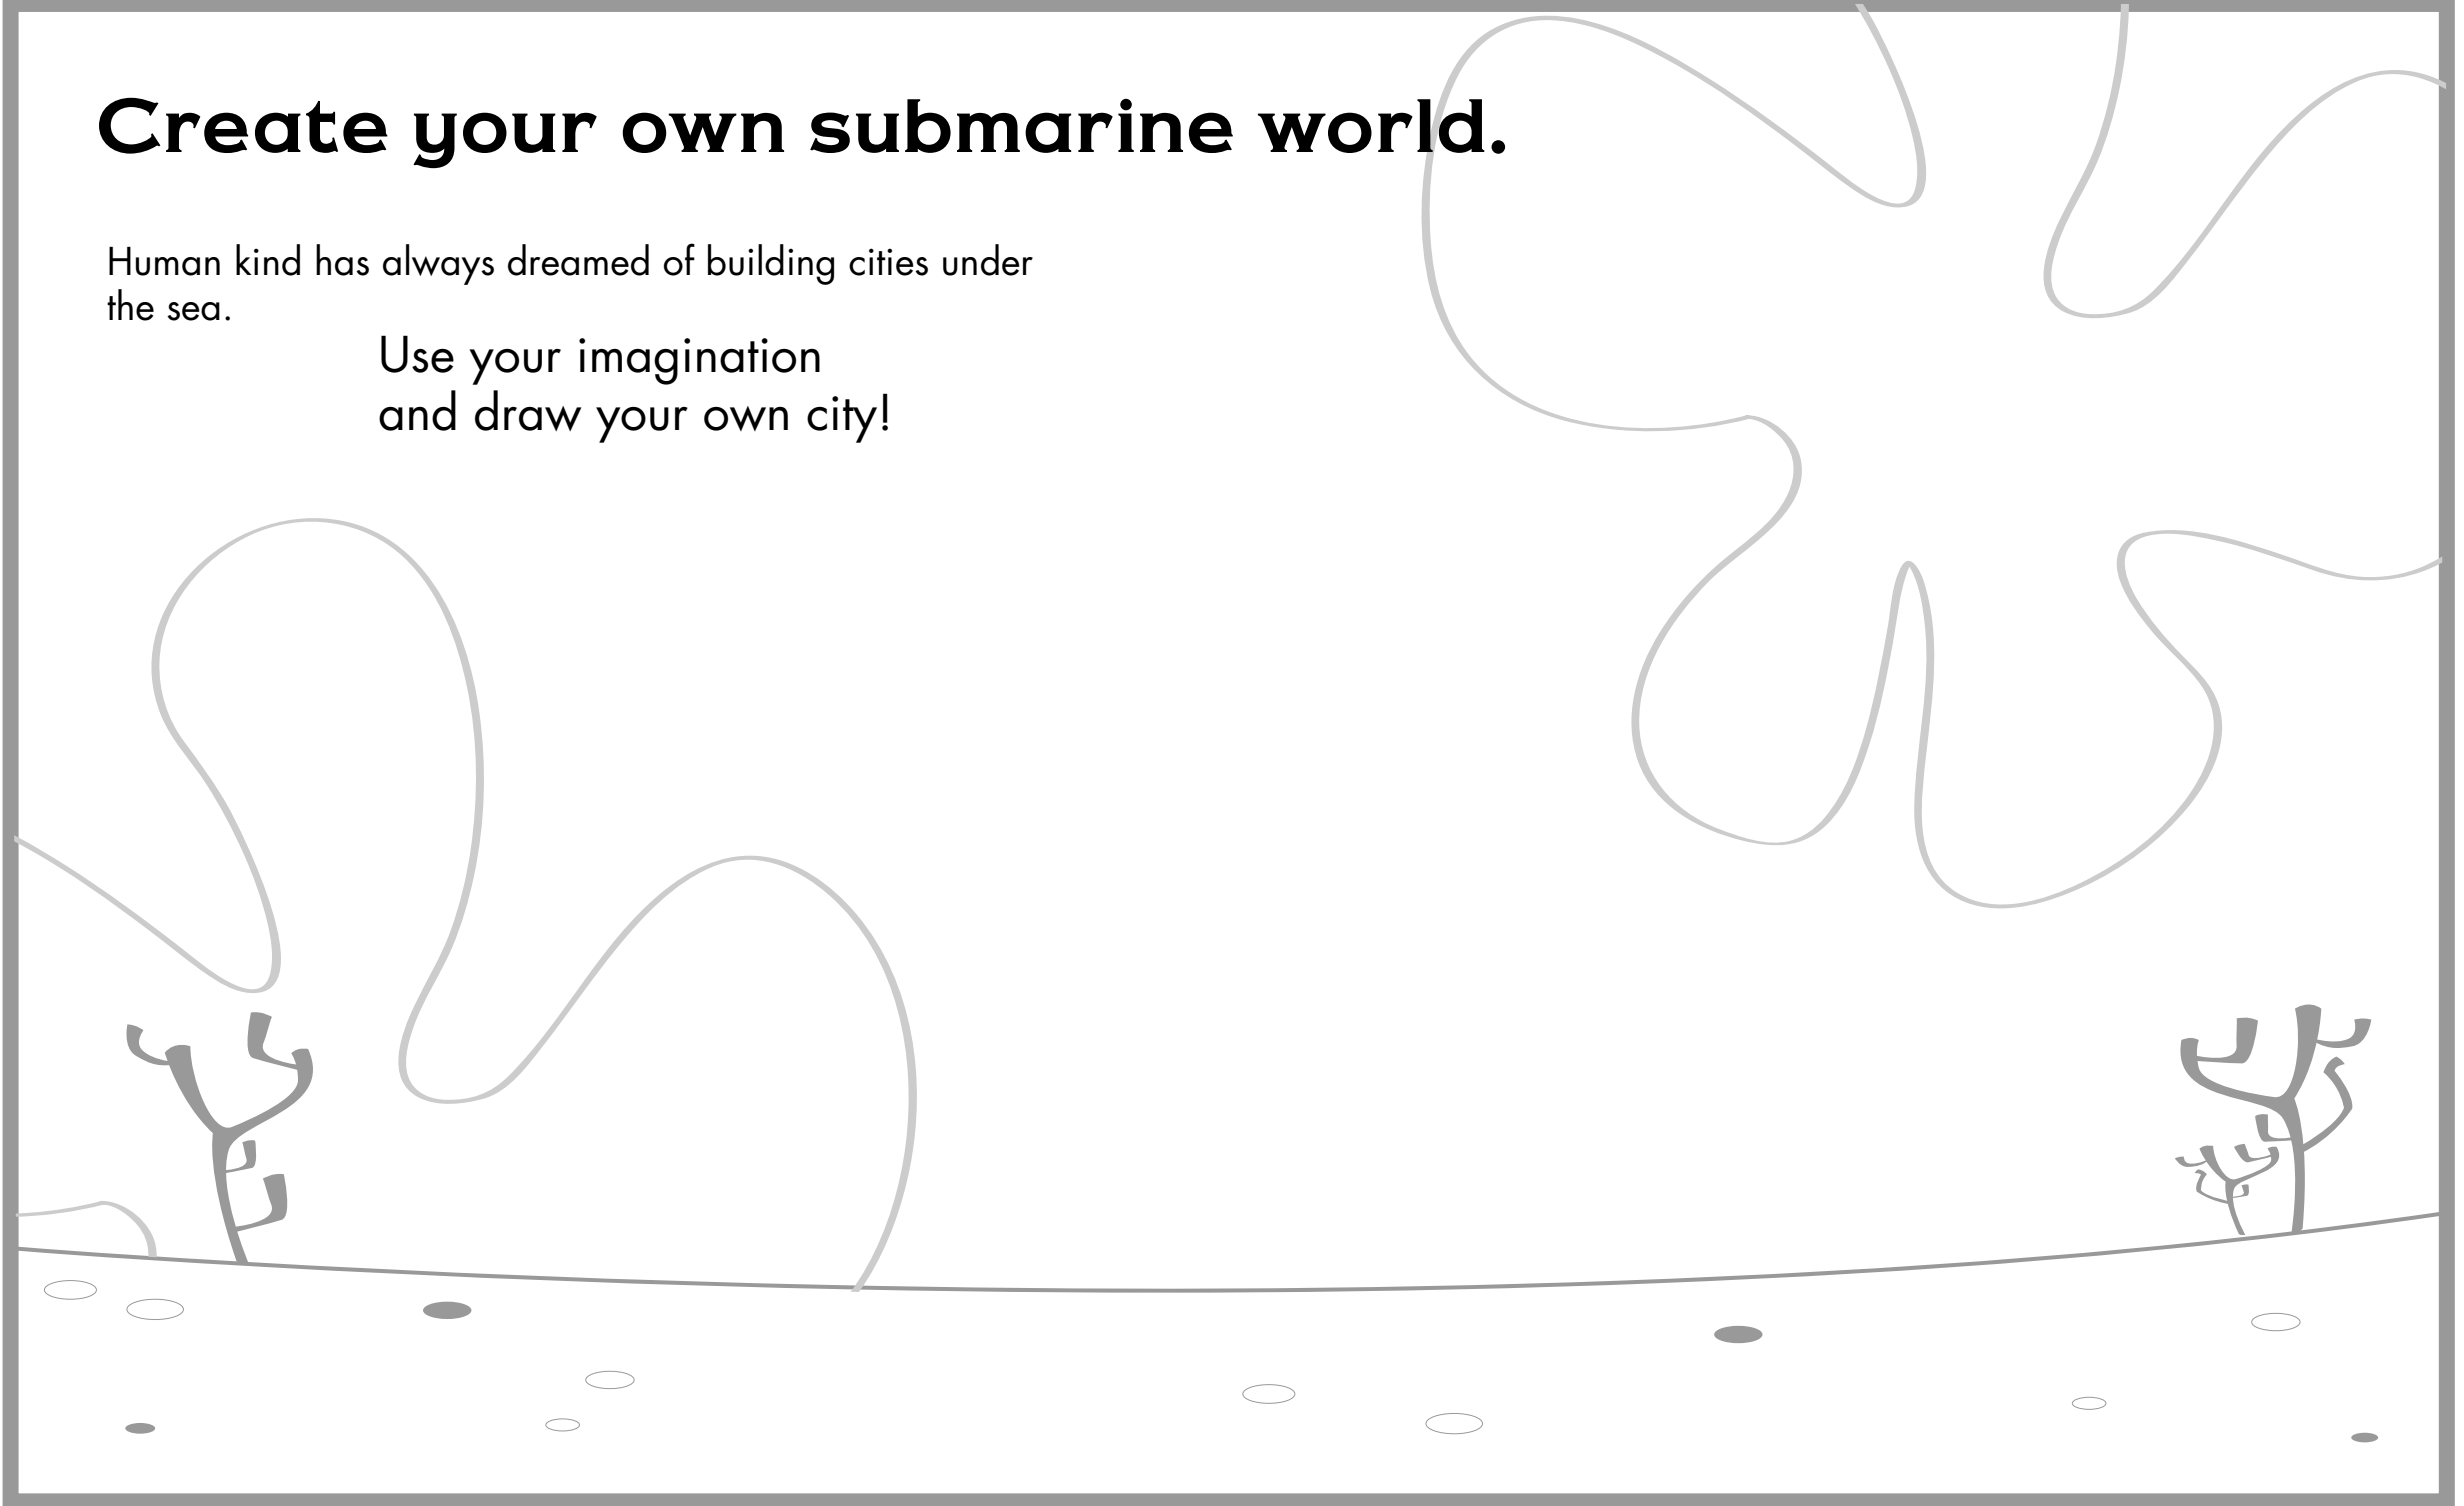

Use your colors to give
life to this reef.

Create your own submarine world.

Human kind has always dreamed of building cities under the sea.

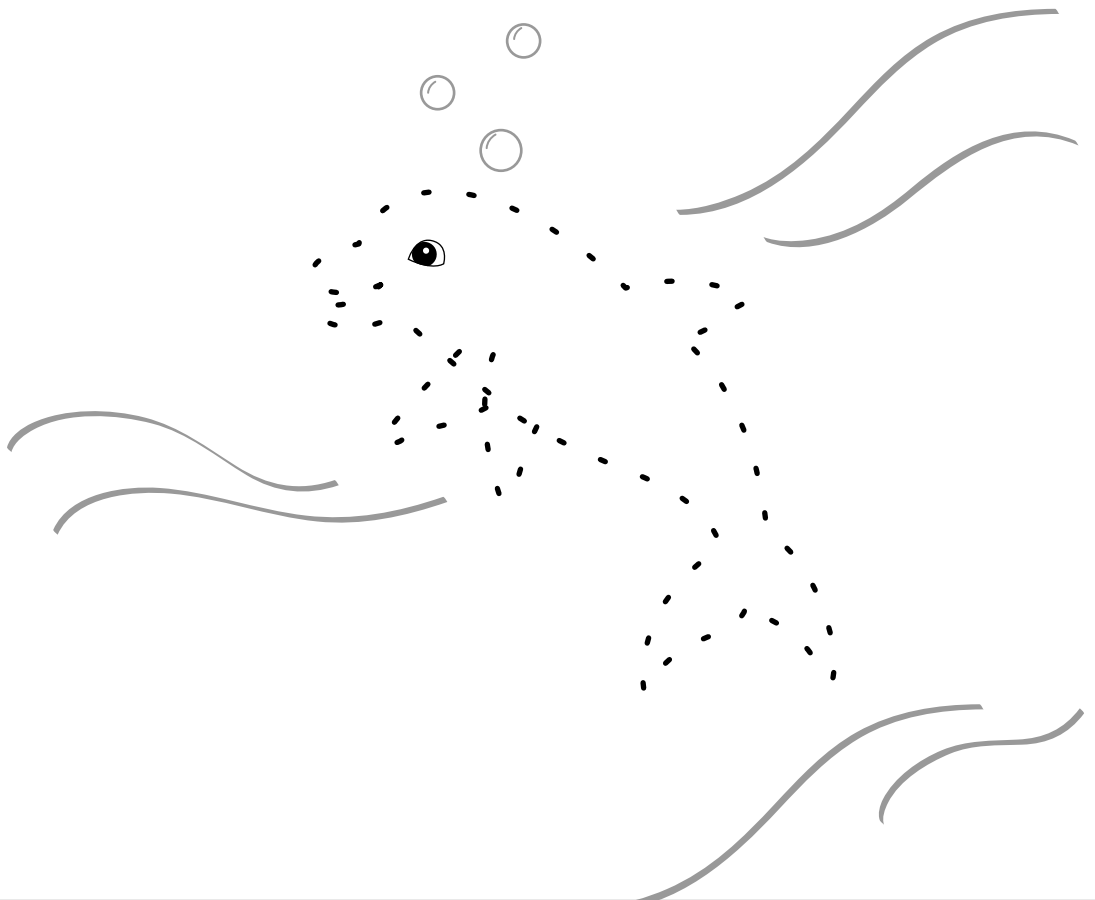

Use your imagination
and draw your own city!

A very funny friend.

Connect the dots and discover one of the smartest mammals in the world.

Hint: It's friendly, smart and uses sounds, dances and leaps to communicate.

A sea full of fun.

Solve the word search by finding the following words.

- Dolphin
- Crab
- Tide
- Reef
- Whale
- Island
